GOULD ACADEMY RECEIVES GRANT TO INITIATE ARCHIVES PROJECT

The Dietrich Foundations of Philadelphia have awarded Gould Academy a \$1,500 grant to begin a historical preservation project called "The Gould Academy Archives." The aim of this project will be to collect in one place all of the artifacts, pictures, books and other memorabilia relating to the school's history and alumni of the past 144 years of Gould's existence. The material will then be cataloged, restored if necessary, and stored in such a way as to preserve it indefinitely. It is hoped that the material will be displayed in a "mini" museum on campus and thus be available for the benefit of alumni and visitors when they are in Bethel.

The Dietrich Grant allows the project to be started this summer, with additional funding being sought to finish it during the 80-81 school year. One further benefit resulting from completion of the project is the opportunity for alumni and friends of Gould to donate articles relating to the history of the Academy that they no longer need or want, knowing that the materials will be properly taken care of and available for all to enjoy.

Project Director Al Barth reports that a detailed job description is now in the process of being written and that a person will be hired this summer to begin the collecting and cataloging part of the archives project.

FROM THE bethel town office

The Board of Selectmen met in regular session on Monday evening, June 30, and acted on a long and varied agenda. Invoices from Jeff Hole for legal services to June 2 in the amount of \$1,236.85 and from DuBois and King for final Sewer System Step I planning services in the amount of \$2,307.78 were approved.

The Board revised a draft of a sewer ordinance which is needed to replace the existing Sewer rules and regulations adopted in 1973. Considerable time was spent in reviewing sections of the ordinance and the Manager was directed to draft an additional section relating to department organization and to submit copies to DEP and the Town's legal counsel for review. After receiving final approval by the Selectmen, DEP and the Town's legal counsel, the proposed ordinance will be submitted to Town Meeting for consideration.

The Manager reviewed with the Board alternative sewer rate schedules to generate sufficient revenues to meet debt service and operating and maintenance costs for the sewer system. Present rates have been in effect since 1973 and it is no longer possible with this level of income to cover costs which have been increasing due to inflation and requirements to meet effluent standards. It is proposed to make the following rate changes: (1) Increase the sewer user charge from \$11.30 per 1,000 cu. ft. with a 2,000 cu. ft. per quarter minimum to \$17.00 per 1,000 cu. ft. with a 2,000 cu. ft. per quarter minimum; (2) Increase

begins. Strawberry shortcake, pie, sundaes, ice cream, whole berries, punch and coffee will be served. Of special interest will be the SEBRRX (Self help handicrafts from overseas) Tables. Khamvone Vongsay will display crafts from a refugee camp in Laos and demonstrate weaving.

FOURTH OF JULY PICNIC TO START AT 5 P. M.

A Bethel observance of Independence Day will start with a picnic on the lawn of the Mosses Mason Museum and on the Common at 5 p. m. on Friday.

The occasion will be used to mark two types of celebration. First the picnic will attempt to follow the "old fashioned" traditions of a 4th of July picnic accompanied with a group sing-along of old favorite songs, campfire ballads and old school songs.

To mark the historic occasion, there will be a reading of the Declaration of Independence following which all present will be invited to step forward and sign a replica of that famous document.

WHIRLWIND AT BETHEL SUMMER PLAYGROUND STIRS UP GREAT ACTIVITY

As of this writing, the whirlwind that has struck the Summer Playground at Crescent Park School is still running full-strength. No one expected such force, but it's the greatest thing to have happened there. It all started with the three new full-time leaders hired to assist the directors. It was fed with the enthusiastic whoops and hollering of the children coming to participate, and it's been whirling ever since through the daily activities. There's no boredom here—just so much to do!

Assistant Director (Arts and Crafts Lady) Sheila Cummings has had the busy hands of up to 22 kids per day building, painting, sticking, and boxing; pasting cutouts over bottles for vases; decoupage; plaques with card cut-outs; and

Greenwood Historical Society Kicks-Off Fund-Raising Project at June 25 Meeting

On Wednesday evening, June 25, the Greenwood Historical Society held an excellent pot luck supper at the Locke Mills Town Hall. The purpose of the supper and meeting was to kick off the fund raising project for the purchase of the John Swan property on Main St., Locke Mills.

Lee Mills explained the reason for purchasing this property because of its historical value to the town. It is believed to have been built in the late 1840's and served as a dwelling for many Greenwood families.

Stephen Seames showed slides and gave the history of many ear-

ly buildings in Locke Mills. Also through much research he was able to tell many of the owners from the beginning to the present day.

It has been decided to raise the money for the purchase through donations and the sale of interest bearing promissory notes. The Society is happy to report they have already raised \$3,400—of the goal of \$10,500—through the generosity of the people in the area.

Those wishing to help with this project please contact one of the following: Marie Bartlett, 875-3561; Barbara Dunham, 875-3605; Ellsworth Hathaway, 875-2742.

FRANKLIN GRANGE #124

Franklin, Bear River and Rumford Granges met with West Paris as hosts at a four-point meeting June 19. Bear River officers filled the chairs. Franklin Grange put on the following entertainment:

"Beautiful Golden Somewhere," was the opening song; "The Nature Lover's Evening Psalm," was read by Mildred O'Brien; "What Kind Are You?" was an evaluation test read by Peggy Blake; a skit was done by Carl and Lettie Brooks; Harris Hathaway entertained with stories; "Basic Anatomy," read by Richard Felt; Lettie Brooks and Arline Farr sang a duet with Lyndell Farr at the piano; Nestor Tamminen told a joke. Then a question—"What special magic do you use in your garden to make it a success?" Several took part in this. Some of the suggestions were: plenty of water, dressing generously with old fashioned barn yard manure, water plants with ½ cup of Wisk and Lux liquid will make the insects, etc., leave the plants alone, ashes on the root vegetables to protect them from worms, borax for turnips keep the worms away, plastic bags tied on sticks staked around the garden helps to keep the animals out. These may help some other gardener have a better garden. A little warmth would help this year as the cold nights have a bad effect on the corn.

Carl Brooks, bones; Richard Felt, harmonica; and Laura Hutchins on the piano contributed several numbers to the program.

Laura Hutchins played several songs for the audience to name. The closing thought, "Nine Lessons in Living," was read by the Lecturer, Olive Davis. Then all sang "Sing Your Way Home." There were 33 members present.

Sick people announced were: Katie Tamminen, Ray Tripp, Sr., Iva Mills, Gail Butterfield and Minnie Buck. It is hoped they are feeling much better by now.

The New England Lecturers Conference was announced as Aug. 4 to 8 at Burlington Vt. Lecturers should fill out their card and send it in by July 20 if they intend to go. Lecturers should take advantage of these meetings as many ideas can be gained besides enthusiasm built up to give them a push for another year.

Esther Davis had sold her farm to Ellsworth Hathaway. Locke Mills. She has a nice trailer set across the road in the field she retained.

Mr. and Mrs. Carl Cash have moved his trailer from the Adventist Church area to the field too. They have the corner lot next to what was the Union School lot. I went down Saturday and called on them. I also called on Esther at the farm house as she hasn't moved yet. She had some relatives visiting for the afternoon.

Saturday callers of Esther were Mr. and Mrs. James Whittemore, Livermore; Mr. and Mrs. Clyde Hines; Mrs. Daniel Wooten and Mrs. Carl Wyatt, North Carolina.

Mr. and Mrs. Carl Brooks, Lyndell and Arline Farr and I were at the Pomona Grange at North Waterford, Tuesday night. It was a real hot meeting, the first of the summer.

One of our local friends was in the chorus, H. Stanley Andrews who was raised in South Woodstock, being one of my pupils when I first started teaching. A Bryant Pond, former citizen of that town, Kenneth Swan, was involved and a cousin of Stan's, John Titus, South Paris, also sang.

Mr. and Mrs. Tommy Demarest had a sale at the Union Church building Saturday, June 21. It was called the "moving to Sail Boat sale" as that tells why they are leaving Maine for awhile. They are sailing to Florida this summer and expected to leave here by June 25. Mrs. Demarest was a teacher at Telstar. She has resigned her position and is looking ahead with excitement to this trip. They both enjoy this way of travel and have owned a cabin boat for some time.

Carl and Lettie Brooks, Olive Davis and Beatrice Bames who is visiting the Brooks family, went to Sabbathday Lake Lecturer's meeting June 20.

Mr. and Mrs. Frank Campbell took their grandchildren and others to Storyland, Wednesday. Namely, Karen Ross and two children, Rebecca and William; Diane Poland; Nicki Burnham; Judy Andrews and Debra Walker.

Mrs. Esther Davis and mother, Mrs. Mary Brown have moved into their trailer near by.

Mr. and Mrs. Carl Brooks invited me to go to Portland with them. They took Beatrice Bames to her home in Falmouth after we all visited Mrs. Bertha Witham who is in the Osteopathic hospital. Then we called on Bell Harden who is in a nursing home in South Portland.

Mrs. James Mason spent the week at Camp Meeting grounds, Poland.

Saturday morning, Ronnie and Patty Buhler and several members of their family from Monmouth visited Marc and Leslie Moore.

What hailstones and cloudbursts we had in the thundershower on Thursday! Lightning came in at several houses and knocked out the transformer at Marc Moore's.

There was a pair of cedar wings here last week and they spotted a piece of twine that was attached to something on the ground. Wanting it very much he flew off with it but she was yanked back like a dog at the end of its chain. Then she breaced her feet and tugged for all she was worth. Finally she gave 'up' but the male figured he was smarter and stronger and would show her how it was done. He got the same results. In the meantime, the first one flew onto the basketball hoop and was trying to get the net off. I felt sorry for them so took out some twine and hung it around so they could find it. I didn't see them take it, but it disappeared.

"WHEREAS I WAS BLIND,
I NOW SEE."

Helen Keller is recognized for
her intense struggle and con-
vincing triumph over handicaps, and
the above quotation from "My Re-
ligion." However, in the Centen-
nial Year of her birthdate, other
visually impaired persons are not
as fortunate. For to "Prevent
Blindness is Everyone's Program"
concluded Joyce Hutchins, Program
Coordinator of Maine's Prevent Blind-
ness Programs when addressing
the Maine Optometric Association
Auxiliary at the Bethel Inn, and
later to VOICES international print
handicapped clientele. Ms. Hutch-
ins visited VOICES Communica-
tions Center in Bethel and record-
ed her presentation to actively en-
courage sighted communities and
visually impaired communities to
participate in awareness and edu-
cation programs to prevent further
escalating blindness in Maine. Ms.
Hutchins assured potential volun-
teers that the Maine Division of
Eye Care is readily available to
help individuals and groups coor-
dinate community needs and re-
sources.

Ms. Hutchins gave a historical
accounting of Maine's recognition
of its responsibility to residents
with severe visual impairment. As
early as 1834, Maine's Legislature
passed legislation to financially
sponsor the education of blind
children to Perkins School for the
Blind in Watertown, Mass. In 1915,
the Legislature recognized the ba-
sic needs of blind residents and
allocated the sum of \$200 for each
resident to cover costs of food,
shelter and clothing. "We have
come a long way since then; we
have a long way to go," stated
Ms. Hutchins.

"Maine's Division of Eye Care
has long recognized its need to
engage in prevention activities,"
continued Ms. Hutchins. The Pro-
gram Coordinator reported on sev-
eral current Task Forces in opera-
tion: one in York County, one in
Aroostook County and one in Ban-
gor. Their activities have included
pre-school vision screening, as an
accepted part of the pre-school
health screening. Speakers Bu-
reaus are being developed and
awareness programs are moving in-
to Industrial Vision Activities.

There are also projects in com-
munity hospitals and educational
institutions.

Prevent Blindness Programs are
coordinated by Maine's Division of
Eye Care at the Bureau of Rehabi-
litation, Department of Human
Services in Augusta. Prevent
Blindness programs are financial-
ly supported by Maine Sight Con-
servation Association, an arm of
the Lions Club International.

VOICES is edited by Connie
Hindman in Bethel as an outreach
communications tool for print
handicapped consumers and ser-
vice providers. VOICES new logo
(above) was designed by Rachael
Hindman to depict the scope of
VOICES services. VOICES not only

covers the State of Maine, but also
is heard on an international level
from the three Maritime Provinces
of Canada to the Texas Mexican
borders. English speaking consum-
ers are being developed in Europe
through Lions International.

tion of 1,000 print handicapped

White Mountain National Forest

July 1, 1980

On June 21, the District hosted
a tour for the Small Woodland
Owners Association of Maine and
the general public. Fifty interested
members and citizens toured a tim-
ber sale, a wildlife habitat im-
provement project, and a District
campground. Lively discussion oc-
curred at all stops. The tour was
part of a continuing effort to al-
low the public to learn more about
their National Forest.

Several weeks ago, the success-
ful effort being made by the pub-
lic to remove garbage from Croc-
ker Pond Campground was report-
ed. This week we regret to report
the peeling of bark from young
white pine, damage to toilet facili-
ties, and the spreading of nails in
the travelway at the Gilead Picnic
Area. When such damage occurs,
it hurts every taxpayer in the po-
ceedbook. Each year thousands of
dollars of damage to public prop-
erty and resources occur. If you
observe it, please report it.

I gazed at the scene: the place,

Greenwood City

— Mrs. Colista Morgan, Corres. —

One morning, as I moved along
my driveway, the more tender
plants had begun to droop with
folded hanging leaves and the wild
strawberries were drying on the
stems. The day had started hot and
humid and loud with mosquitoes
which liked the morning, too, so I
hurried along to hasten toward
the porch. As I did so, I heard a
song much like that of the robin.
Near the feeder sat one of the
most gorgeous birds of our eastern
North America. Its encrimsoned
body and sable wings and tail just
glistened in the sun. Then again
this morning, June 26, this Scarlet
Tanager was high in the ash-tree-
top across the road. We both mar-
veled at his color for he is like a
Bird of Paradise in our northern
landscape.

I counted this as my red letter
day after glimpsing so beautiful a
bird.

On another day I went boating
all afternoon. I stopped as I neared
my boat, breathing deeply, drink-
ing in the essence of the forested
slopes and the mountains reaching
to the sky. The wind blew too gen-
tly to stir the purple iris nestled
by the shore.

Now with the growing season at
its busiest the whole valley seems
to be bursting with life. At the
tip of the evergreens, in the flut-
tery aspens, alders, willows, and
flowers, there's growth.

I unlocked Boat and started
down pond thinking, "It's a good
day to investigate the Sanborn."

Near the outlet there was another
watcher of the valley, a hawk.
No doubt looking for something to
eat to take home to its hungry
hatchlings. The button bushes had
changed much since my last visit.
Their blossoms have a jasmine-
like fragrance.

A bumblebee in a velvet coat
came buzzing by, very close, yet
unconcerned. It was looking for
nectar from the open flowers.

Of course the black birds were
there sending forth their chirp
and gurgle, swaying on the bushes.
A pair of cedar wax wings called,
as I started up river.

Seeds had spiraled down, tiny
helicopters. Many were floating in
the moving water.

The quiet river was as lovely as
ever until I came to the cut-over
of land near shore which was done
last winter. No beauty there.

I turned and started toward
home when from high above, from
out of the sky, the dragonfly air-
plane, dipped then flew off with
a zoom beyond the reeds, toward
the pond.

At the mouth of the river, where
I turned left toward home there
were "pond skaters" and many
whirligig-beetles having a ball.

The sun flamed across the splen-

GOULD ALUMNI DAY PLANNED FOR SATURDAY, SEPT. 20

Saturday, Sept. 20, 1980, has been selected for this year's Annual Alumni Day at Gould Academy in Bethel. Director of Alumni Affairs Al Barth states that a special effort is being made by individual class reunion chairpersons to bring back members of the five-year reunion classes whose class numbers ended in "5" or "0". Chairpersons have been selected for the classes 1925 to 1975, and they have been busy writing letters and planning special class activities for the day.

The traditional activities planned for the day are the Lumberman's Breakfast, held outdoors, weather permitting; a special slide show by Dr. Stanley Howe, '62, curator of the Bethel Historical Society's Moses Mason Museum, involving old pictures of Gould students, particularly those of reunion classes; the Alumni Luncheon and annual meeting of the Alumni Association; the first annual Alumni Invitational Cross Country Run; Headmaster's reception; and Alumni Banquet. With class parties and other activities planned for Friday and Sunday, Alumni Day is turning into Alumni Week End.

Every year more and more Gould graduates return to the Bethel campus, where they meet with classmates, friends and former teachers. Attendance is expected to surpass last year's record total of 1,000 meals served to hungry alumni. More details about the week end will be sent out to Gould Alumni in a special summer issue of the Gould Academy Alumni "Newsletter".

Letters to the Editor

June 27, 1980

To the Editor:

In reference to the Letter to the Editor contained in the June 26 copy of the Bethel Citizen,

I wish it to be known that I was also a victim of that same "snake's" threats and vandalism!

Four new tires were slashed on my vehicle during the night by these less than desirable members of our society! Unfortunately, they know they can creep around under cover of darkness, wreaking havoc, creep away and be shielded by the courts, for unless we maintain around the clock surveillance of our property and somehow manage to detain these "creatures" for the law, we are virtually up against a brick wall!

As frustrated as we feel when we leave for work and find that we have been the recipient of their artwork, it must be doubly frustrating for law officials who try so hard to bring these lowly citizens to justice, only to be laughed at because our court system is lacking.

At times it seems our legal system is telling us to remember the old adage: "An eye for an eye, a tooth for a tooth!"

Shall we have to revert to this practice in order to protect our property and families against this "creature" or shall all the victims of their handiwork come forward and demand that these "animals" be made to pay for their crimes!!

In closing I would also like to thank Mr. Williams for his courteous and prompt handling of the June 15 tire slashing incident. Thank you again, Mr. Williams, for being willing to give up a part of your day off, it was appreciated. I would also like to commend two more of our law officers for their very definite disinterest in anything as trivial as a frightened family and four slashed tires.

One has to stop and wonder if officers such as these two are worthy of our support.

Another concerned victim!

June 27, 1980

To the Editor:

We would like to commend the Bethel Recreation Board, and the staff of the Summer Playground headed by Gail Sysko, for the fine job that they are doing with this year's program at Crescent Park School.

The activities for the K-5 children are interesting, fun, and stress areas which encourage individual efforts as well as low-key competition.

The chance for middle school students to develop skills as junior leaders is an excellent aspect of the program.

The second session July 28-Aug. 8 is eagerly awaited at our house. Charlie and Cathy Newell

WALKING WITH JESUS CHRIST

The Christian's desire—to tell people of the wonderful love of Jesus Christ—to present the Word of God that others might know of His glory—now and forever more. To learn to pray and seek the face of Him in whom we may find perfect peace—to read the Bible and learn of a risen Saviour—One who gave His life for all mankind—that all may have life—Light—to know without a doubt that Christ is Lord—that whosoever believe in Him will know that Christ is not ashamed to call us His brother. To be a member of the earthly family of God bound to the heavenly family who even now sing glorious praises to our God.

Oh, that God might be able to use us now to pluck lost souls from the hands of the chief liar, Satan—who even now exults in debasing the image of God in humanity.

The Bible tells us that Jesus overcame Satan at the Cross and that all that believe on Christ shall have the victory and eternal life with God the Father—That the third Person of the trine God—the Holy Spirit would come to live within us—the same as He did in the Apostles.

interest to the Playground and have captivated the curiosity of up to 21 kids per day with collecting leaves and pine cones for identification and crafts of 3-D designs; off-trail exploring—and collecting weather information for interpretation and study. It is without a doubt true that kids do love the out-of-doors for play and study.

This past week the junior leaders had the special job of running the Creative Writing/Poster Drawing Contest, choosing the theme, "What I Like Best About Summer" and the participants took off from there. The best of the posters received blue ribbons and were distributed about town to advertise the program. The winners were: First place in three groups, K-1, 2-3, 4-5: Amos Fox, Martha Newell, Alec Newell; Second: Bryce Gasser, Kevin Davis, Jeremy Head; Tie for Third (no K-1): Heidi Davidson, Amy Laban, Tracy Green; Scott Fraser, Timmy Roberts. There were two entries in the Creative Writing Category and they were done by Kevin Davis and Martha Newell.

Friday the weather was great—sunny and hot—for a Doll Carriage and Bike Parade and six little kids entered. Amos Fox and Bekka Kuziy were prize winners for "best dressed" bike and carriage. All other participants received a coupon for a free ice cream cone at Charlie's Pizza. Thank you Charlie's, Prim's Rexall and Brown's Variety Store for donations for this event!

It is unbelievable how hot it has been out there on the playfields, but all kept right on—Friday afternoon, in the interest of improving the grounds at Crescent Park School, a contest was held to see which set of two kids could collect the greatest pile of rocks from the grass alongside the stone-wall for return to the wall. First prize went to Bruce Fraser and Alec Newell; second prize went to Timmy Roberts and Jake Brown. Leaders Tim Kersey and Jay Davis collected a commendable amount but were disqualified for being too old. To end the day, the same partners competed against all others in the water balloon contest—the losers getting soaked (what a great way to cool off). The winners were again Alec Newell and Bruce Fraser for being able to toss at the greatest distance before getting soaked themselves. It was a lot of fun.

In the dramatics department there has been increasing activity due to the show July 3. It's the July 4th Celebration Variety Show, all based on individual talents and experiences of the players. All parents and friends were invited to watch the show for free. It has been a lot of fun and hard work

YORK WOMAN WINS BETHEL SKI VACATION PRIZE

The contest was open to all visitors who stopped at the Glead Information Center of the Maine Publicity Bureau located at the Evans Notch Motel during the week end of June 27-29. Well over 500 people had a chance to win the vacation prize. As it turned out entrants from a total of 13 states and Canadian provinces signed up for the prize drawing. The most distant visitor was from Silver City, N. M.

Christ—they are to put on the full armor of the Gospel—the Good News—for we know the battle rages in heavenly places and that our fight is not against flesh and blood, but against principalities and powers of darkness.

As Joshua said: "But as for me and my house, we will serve the Lord."

The 4th of July week is upon us; and a lot of people will be on vacation this week. Some of the factories close right down so as to give the maintenance crew a chance to work on equipment. Others like to take this week as most towns have some sort of entertainment. When the boys were little we always took them up to Gorham, N. H., to the Common, where they had rides, shows, etc., and what we really took them for—the fireworks. How much more fun to watch these displays, listening to oh's, ah's and squeals of delights of the young.

The mock orange has come out in full dress and how sweet the smell. Thursday I sat rocking in the living room gradually watching the sky get darker, the wind picking up and as it did the scent of the mock orange would come wafting through the open window. Soon the thunder started and as one roll of thunder ended another was right behind. Every once in a while one could hear a crackling, where apparently it had struck. Then the rains came. We could have used much more rain; but guess we were fortunate as other places around had damaging hail; also the high winds blew off branches and in some places the electrical power went out.

Summer Quickly, Summer, safely gather Every bit of cherished bit of beauty

From each shortened day; Examining each with tenderness Before it's put away.

Hold the magic of your mornings Guard your heaven's brilliant blue, Lock the lazy haze of evening Close against the warmth of you Pack each precious well-loved moment

Sprinkle it with sun sachet. Safely, Summer, store them till You gently shake them out next May —Doris Chalmers Brook

Congratulations to the following students who just completed their written and practical E.M.T. testing: Mom Enright, Linda Fontaine, Leon Gray, Patti Harlow, Bonnie Marston, Paul McInnis, Ruth Pray, Darlene Taylor, Terry Wickman, Marsha Williams, and Stanley Wright, Jr.

The following students completed their State Advanced First Aid written and practical exam for ambulance attendant: Edward Greenleaf and Sandra Greenleaf.

B.E.A.R.S. will hold their member and family picnic Saturday, July 12 at John and Arlene Greenleaf's camp on Songo Pond. A session on Water Rescue Training will be held in the afternoon. Safety Tip of the Week—Look

Before You Leap
In your rush to cool off in the water on a hot summer day, don't forget the basic safety rule: Look before you leap. Serious spinal injuries can result from jumping into a river, lake or pond and hitting rocks, tree trunks, etc. Many people are needlessly paralyzed during this type of summer tragedy. Automobile and motorcycle accidents also increase over holiday week ends. Please use extra caution and enjoy the 4th of July week end.

Twitchell, also Aunt Dot Hooper and Aunt Kay Billings.
Now that we're all home again comes the job of getting back in the swing of things.
Number one on the list is weeding the gardens which the boys have all under control.
On Monday morning, July 7 we will be cleaning the kitchen of the Albany Church. We will start at 9 o'clock. All hands welcome! Have a good fourth!

The Korhonen family to visit Laurie Bergeron in the Maine Medical Center with baby Joseph. Joseph was in a coma from an attack of spinal meningitis and was taken by ambulance to Portland Monday. The last report was he is much improved and a little friendly to the nurses who had used him as a pincushion.

We got a heavy shower the first of the week and some needed rain.

LIGHTNING STRUCK — Jay Willard, photographed while working in his garden, displays pieces of a shattered bean pole. This nine foot tall pole, recently set in the vegetable garden of Mr. and Mrs. Donald Feeney, Paradise Road, was split by lightning during last Thursday's violent thunder and hail storm. The pole, a green poplar, approximately two inches in diameter, was shattered and pieces scattered throughout the garden. No other damage was noted in the immediate vicinity.

Andover Public Library: Time is the gift given to each of us at birth. Yet most of us will admit that we tend to waste that gift. Too frequently when we have a spare half-hour or so with nothing to do, we do just that—nothing. To get the most out of living we should employ our time wisely, including those spare minutes. Many people have learned to dance, acquired an education, written a book, learned to crochet, or carved wood in the brief periods of time that many fritter away as not being long enough for "some useful purpose."

Those scattered, odd moments could be spent reading, if a book was kept handy. Any time is read.

Mr. and Mrs. Jack Parsons and George Parsons visited their sister and husband in Farmington Tuesday; also their brother and wife in Rumford.

It's fun to be the salt of the earth, but it's better when you add a little sugar.

On June 26 Mr. and Mrs. Erwin Miller celebrated their 59th anniversary quietly at home. They wish to express their heartfelt gratitude to the many friends who sent cards and for gifts of money and the beautiful anniversary cake made and decorated by Ruth Side-

North Paris

—Eveline Barrett, Corres.—

The past week was the week "that was." The weather was sweltering until supper time Friday, then a drastic change by a plummeting drop in temperature. Several have colds and chills. Vary a drop of rain in our hamlet, but plenty in other towns, also hail stones and all.

Doris Lawrence finally located a radiator and she was lucky. They tried many places and junk yards.

The Kalinowskis returned home June 25 from Connecticut. They were given a fortieth wedding anniversary party at Connecticut, but forgot to get the details at our supper June 28.

Hazel Collette, Oxford, called on Eveline Tuesday p. m.

Ellis Ellingwood did some electrical work at the hall Thursday, and Elmer Taylor Sr., removed the old oil drums.

The West Paris Fire Dept. was at the home of Mr. and Mrs. Richard Roy Thursday evening, when their home was struck by lightning during a dry thunder storm. They lost all their possessions and the dog was also missing.

A good crowd attended our supper June 28. A former resident and member of the Community Club, Miss Esther Wheeler, Hartford, Conn., joined us and we were all glad to welcome her back. She is visiting her brother-in-law and sister, Mr. and Mrs. Lorenzo Cole of West Paris.

The children have been going to the church Bible school for the past week at the church.

Callers at Lawrences: Marie Hemick, Pammy and Hazel; Barbara Felt, Sharon Schenck and Jennie, the Kalinowskis, Carroll and Mione Records and Eveline Barrett.

Mr. and Mrs. David Lyons spent Sunday evening with Mr. and Mrs. Albert Penley, Jr., and Dougie at their camp at Abbott's Anchorage, Bryant Pond.

Mr. and Mrs. Joe Kalinowski, Mr. and Mrs. Root Lawrence, Mr. and Mrs. Carroll Records, Mr. and Mrs. Herman Card, Mr. and Mrs. Albert Penley Sr., went to Stark, N. H., June 29, to a fiddler's contest, to celebrate their anniversary. Mione Records was unable to go due to sickness.

I am glad that we will observe July 4 on Friday instead of on a Monday. I believe we should observe the holidays on their own day.

Have a happy holiday and drive carefully. Be careful around fireworks, they can be harmful. Imagine Christmas in July. I like it, don't you?

ing time. Why not start now, with a trip to the library.

Sunday River

—Mrs. R. M. Fleet, Corres.—

Sunday River is one very busy highway—you name the vehicle and I know it either goes up or comes down the river some time during the day or night. We still hear a lot about who our next president will be—Your guess is as good as mine.

We will hope better days and more work with lower prices are on the way in. Keep your fingers crossed and wear a smile.

A lovely Sunday for a cook out and that's what Peggy, Tator Joe and I had at Peggy Blake's camp. Then a big horse shoe game helped settle the goodies we were stuffed with.

The Yates' go shoes have laid pretty low this week—it took all the time to water the garden and wrestle with the heat. A bad thunder shower hit Bethel Thursday p. m. and was even worse at Locke Mills. Thunder, lightning—wind—rain and hail, washed roads and damaged gardens. Sunday River heard the thunder but got nary a drop of rain. Cooler weather Friday was most welcome.

Peggy Blake and friends took a ride Friday up through Haines Landing and Rangeley, back by way of East Andover and called on her sister and family, the Bernard Hutchins.

Mr. and Mrs. B. H. Yates are home after a week's travel here and there with their mobile home. Sandra deBara was honored recently at the home of Mrs. Jack Dennis. The honor guest received many lovely and useful gifts. Assisting the guests were Miss Anne Marie Saunders and Miss Bonnie Dennis. The refreshment table was decorated in a pastel theme with a beautiful shower cake by Peggy Blake. About 25 guests and friends came from Mechanic Falls, West Paris, Bryant Pond, Harrison, Bethel and Newry. Sandra deBara and Scot Dennis will be married on July 5.

Gordon C. Mallor and Julette Travis are visiting his sister Nancy Dennis and family. They are from Little Rock, Ark., to attend the wedding of Scot and Sandra.

Jack Dennis and Bryce Yates have recently enlarged the sugar house of Nancy Dennis and Barbara Yates.

Mr. and Mrs. Parker Daye, Englishtown, N. J., are visiting his brother and family, the Edie Dayes.

Bear River Grange #285 met for their regular meeting Saturday night, June 28. The meeting was

ing. Both the flower show and Historical Society display will be opened to the public from 1 p. m. til 4 p. m. Consultants are Gertrude Percival, Minnie Akers and Betsy Mixer. Printed programs and general information will be available at various locations in town at a later date.

Mrs. Raymond Akers and Mrs. Robert B. Swain spent June 18 with Mrs. Robert French in Eaton Center, N. H. She and her husband planned a week's camping trip in their motor home beginning June 21.

the septic waste receiving charge from \$.015 per gallon to \$.03 per gallon, and (3) Institute an interest charge at 18% per annum on bills unpaid 30 days from the date of the bill. A public hearing on the proposed rate change will be held Monday evening, July 14, at 8 p. m. in the Bethel Savings Bank meeting room. After discussion, the Board asked the Manager to invite a representative of the Androscoggin Valley Regional Planning Commission to meet with the Board to review alternatives under the Community Development Block Grant Program.

— Mrs. John Mills, Corres. —
The Community Club will have no meeting in July.

The town offers its sincere sympathy to the family of Lettie Ford who died last week at Ledgeview.

Mr. and Mrs. Ralph Barbour and Mr. and Mrs. Ralph Barbour Jr., Hartland, Vt., were Monday afternoon visitors at the home of the elder Mrs. Barbour's distant cousin, Mrs. John Mills.

David Hathaway left Monday for Fort Dix, N. J., where he will be stationed during boot training.

Mr. and Mrs. Al McMorrow and Mr. and Mrs. Edward Pegnamie, Holbrook, Mass., were here Saturday to attend Lettie Ford's funeral. They also were dinner guests of Mr. and Mrs. Norwood Ford.

Mr. and Mrs. John Mills were in Norway, Wednesday afternoon where they visited Mrs. Luella Mills at the Stephens Memorial Hospital and Verne Mills at the Andrews Nursing Home. Verne remains about the same but Mrs. Mills is improving at the Norway hospital.

The Greenwood Fire Dept held their regular meeting July 1. Due to the vacation period few members attended. The next meeting will be a training session Tuesday, July 15. The next meeting of the Auxiliary will be July 28 in order to finalize plans for the flea market that week end, Aug. 2.

The Greenwood Fireman's Auxiliary met Monday evening, a week early due to the long holiday week end, for their regular meeting. Several projects were discussed, the coming flea market, (see elsewhere about getting your table), the firemen's auction, and the Senior Citizens dinner. It was voted to buy a slide and tape presentation of the principles of smoke detectors, to help in the drive to get smoke detectors in the homes of our senior citizens. Following the business meeting Mrs. Diane Howe was given a surprise baby shower. Mrs. Barbara Dunham made and decorated the cake. Cookies, chips and dip and lemonade were also served. Mrs. Howe received gifts of money, disposable diapers and a cute piggy bank by the members.

Mr. and Mrs. John Mills attended the funeral Friday of Mrs. Helen Mills at the Andrews funeral home and the visiting hours of Mrs. Lettie Ford that same evening.

Our town offers its sincere sympathy to the family of Harold Tibbetts who died unexpectedly this week.
